# CRAZY FOR TAKING THE BUS

**30** years  
**bsm**

The background is a light blue collage of white line-art icons. These include various types of solar panels, wind turbines, a modern city skyline, stylized trees, and silhouettes of people walking, pushing a stroller, and riding a bicycle. The overall theme is sustainable urban living and renewable energy.

The German  
Association for  
Solar Mobility BSM  
together with AVERE

and others campaigns for sustainable mobility  
in conferences, advisory boards and exhibitions  
since 1989.
